# PLUG-IN HYBRID ELECTRIC VEHICLE

Capability, performance and cutting-edge technologies are at the heart of every Land Rover. Taking our vehicles into the future, electric power now propels us into an exciting new era. Our first ever Plug-in Hybrid Electric Vehicle (PHEV) is driven by our most innovative powertrain yet; an advanced Ingenium petrol engine and electric motor combined. Designed and engineered for an increasingly carbon conscious world, the P400e delivers a dynamic driving experience with exceptional Range Rover Sport capability both on and off-road.

---

## EMISSIONS

---

PHEV'S CO<sub>2</sub> emissions are from 64g/km making it our lowest emission powertrain yet.

---

## EV RANGE

---

PHEV is fully capable of managing most city commutes in full Electric Vehicle (EV) mode, with a range of up to 51km. The large 13kWh capacity battery gives the vehicle an all-electric range from a full charge with zero CO<sub>2</sub> tailpipe emissions.

---

## OVERNIGHT CHARGING

---

PHEV can fully charge from a domestic electricity supply in as little as 7.5 hours so it's ideally suited to charging at home overnight, enabling emissions free commuting.

---

## CHARGING SOLUTIONS

---

A full charge can be achieved in as little as 2.75 hours at home using the accessory Multi-function charging cable and a dedicated wall box.

---

## CAPABILITY AND PERFORMANCE

---

PHEV is precise and uncompromising. It is fully capable of handling off-road situations such as wading and rock crawl. Its on-road performance is equally remarkable, delivering an impressive 0-100km/h in 6.7 seconds through a combination of electric motor and petrol engine.

---

## OFF-ROAD CAPABILITY

---

Off-road capabilities are uncompromised and in some circumstances enhanced. Unlike any other plug-in hybrid vehicle, P400e matches the 850mm wading depth of Range Rover Sport fitted with a conventional engine and the additional torque provided by the electric motor at low speed is an advantage in a variety of off-road situations.

---

## SEAMLESS DESIGN

---

Integrating the charging port into the front grille, provides easy connection without compromising the vehicle's dynamic design.

---

## REFINED DRIVE

---

Our quietest Range Rover Sport yet, PHEV delivers a virtually silent drive in full EV mode. PHEV ensures seamless transition between the petrol engine and electric motor, delivering optimal refinement.

---

## CABIN PRECONDITIONING

---

You can pre-heat or, uniquely to PHEV, pre-cool the cabin before you get into the vehicle without starting the engine, making life that bit more comfortable.

---

## INCONTROL CONNECTIVITY

---

With the Protect and Remote Premium features, a range of functions are available through your smartphone device, from enabling the driver to view charge status, to remote operation of the vehicle's climate systems.

## CHOOSE YOUR LAND ROVER GEAR

A range of stylish, tough and practical accessories is available, bringing you the opportunity to personalise your Range Rover Sport even further. These accessories can be purchased through your Land Rover Retailer and added at any stage during the vehicle's life – not just when it's new. Naturally, Land Rover Approved Accessories are designed, tested and manufactured to the same exacting standards as the original equipment fitted to your vehicle.

**COAT HANGER**

Rear seat facing coat hanger, attached to the head restraint posts. Maximum weight 3kg. Not applicable for SVR. Not compatible with 10.2" Rear Seat Entertainment.

Part No. VPLVS0167

**CENTRE ARMREST COOLER / WARMER BOX**

Food and drinks cooler and warmer that acts as a rear centre armrest. With a leather-covered top, it is held in place by the centre seat belt and powered from the rear auxiliary socket. Ideal for long journeys with the family.

Part No. VPLVS0176

**ACTIVITY KEY KIT**

For extra convenience, owners can lock their key fob inside their vehicle and wear the Activity Key wristband, alleviating the need to carry their conventional key fob. The wristband is lightweight, robust and fully waterproof allowing customers to participate in a range of activities, then regain access back into their own vehicle. Conventional key fob is deactivated for total security. The Activity Key Kit includes the wristband and vehicle preparation kit.

Part No. LR091580 - Wristband

Part No. VPLWW0128 - Vehicle Preparation Kit

**LUGGAGE PARTITION - HALF HEIGHT**

Designed to protect vehicle occupants against the displacement of luggage. Following initial retailer installation the luggage partition can be removed with appropriate fitting tool. Not applicable for PHEV.

Part No. VPLWS0236

**LUGGAGE PARTITION - FULL HEIGHT**

Designed to protect vehicle occupants against the displacement of luggage. Following initial retailer installation the luggage partition can be removed with appropriate fitting tool. Not applicable for PHEV. Features a useful integral ski hatch which allows longer items such as skis to be carried where suitable rear seat option is fitted.

Part No. VPLWS0235

**FIXED SIDE STEPS**

Complete with a rubber tread mat and brushed stainless steel trim, the fixed side steps provide easy access/exit to the vehicle's cabin and aids access to the roof. With embossed Range Rover branding, exterior Bright work and bright anodised aluminium edge trim finish, they complement the vehicle's exterior styling cues. Fitting of side steps may affect the off-road capability of the vehicle.

Part No. VPLGP0226

#### CROSS BARS

Elegant, durable Bright finish aluminium cross bars, with T-track design which utilises the full length of the bars, providing space to mount multiple accessories. Aerodynamic profile minimises drag and wind noise. The incremental height when fitted is 93mm. Roof rails required for fitment.

Part No. VPLGR0102

#### SKI/SNOWBOARD CARRIER

Carries four pairs of skis or two snowboards and incorporates slider rails for easy loading, is also lockable for security. Maximum payload is 36kg.

Roof Rails and Cross Bars are required for all Land Rover roof mounted accessories.

Part No. LR006849

#### ROOF RAILS

Roof rails facilitate easy fitment of cross bars for roof carrying. Pre-set positioning points ensure cross bars are fixed in optimum position for weight distribution and dynamics. Requires separate roof rail ditch finishers, colour matched to roof rails for fitment.

Part No. VPLWR0104

Roof Rail Ditch Finishers in Black

Part No. VPLWR0108

#### WHEEL MOUNTED BIKE CARRIER

Roof mounted, lockable bike carrier designed for holding a single bike, up to 20kg. Cross Bars will accommodate two bike carriers.

Roof Rails and Cross Bars are required for all Land Rover roof mounted accessories.

Part No. VPLFR0091

#### SPORTS ROOF BOX

Sleek, aerodynamic design sports roof box with a Gloss Black finish which can be mounted on either side of the vehicle for kerbside opening. Internal retention system for skis or other long loads. Lockable for security. External dimensions: 2,060mm long x 840mm wide x 340mm high. Internal volume 320 litres.

Roof Rails and Cross Bars are required for all Land Rover roof mounted accessories.

Part No. VPLVR0061

#### TOW BAR MOUNTED 3 BIKE CARRIER

The tow bar mounted bike carrier features a one hand, quick attach/release tow bar coupling mechanism and can be tilted away from the vehicle, by use of foot pedal, to allow easy access into the rear tailgate. The tailgate can be opened with carrier in deployed/folded position. Manufactured from aluminium and other lightweight materials, the bike carrier also features a rear lighting and licence plate mount and it is lockable for security. Requires 50mm tow hitch and 13 pin tow electrics for fitment. Heat shield also required for fitment. Maximum load capacity 51g.

## ABOVE & BEYOND

**IMPORTANT NOTICE:** Jaguar Land Rover Limited is constantly seeking ways to improve the specification, design and production of its vehicles and alterations take place continually. Whilst every effort is made to produce up to date literature, this brochure should not be regarded as an infallible guide to current specifications, nor does it constitute an offer for the sale of any particular vehicle. Distributors and Retailers are not agents of Jaguar Land Rover Limited by any express or implied undertaking or representation.

All Land Rover Gear – Accessories fitted by a Land Rover Retailer within one month or 1,600 kilometres (which ever occurs first) of the handover of a new registered vehicle will benefit from the same warranty terms and period of cover as the vehicle warranty. Accessories purchased outside of these parameters will be subject to a 12 month unlimited kilometre warranty. All Land Rover Gear – Accessories are rigorously tested to the same exacting standards as those applied to our vehicles. Performance in extreme hot and cold temperatures, corrosion resistance, impact and airbag deployment highlight some of the exhaustive product testing carried out to ensure accessories are both durable and importantly, continue to comply with current legislation. Some of the accessories featured are not available on all models. Please consult your nearest Land Rover Retailer for more information.

All our accessories are designed to be an integral part of Land Rover vehicles. While many items such as roof carriers are simple to fit, some products require specialist tools and diagnostic equipment to ensure correct integration with the vehicle structure and electrical systems. These products vary from market to market, please consult your Land Rover Retailer who will be pleased to advise you on current specifications and any query you may have.

The colours reproduced here are subject to the limitations of the printing process and may therefore vary slightly from the actual vehicle.
