YOUR COMPLIMENTARY SERVICE PLAN. SERVICE BY VOLVO. A SIMPLER WAY.

We want your life to be uncomplicated and to ensure you'll always get the most out of your Volvo which is why you now receive a three year/unlimited kilometre service plan with the purchase of a new Volvo.

No matter what your car may need, your authorised Volvo workshop will take care of it for you and make sure your Volvo stays in tip-top shape.

We have our own approach to service that's personal and efficient – and which takes care of you as well as it takes care of your car.

It's because everything we do is about finding new ways to make life simpler thanks to our cars as well as our service.

MAINTENANCE SERVICE.

When you bring your Volvo in for a maintenance service at an authorised Volvo workshop after your three year/unlimited kilometre service plan has lapsed, we include a few extras to make your visit more convenient and rewarding. We update your car's software to the latest version, which means your Volvo can become even better at every service. We extend your Volvo Assistance for another 12 months so that you'll be assured to get quick help around the clock should anything happen. We perform a complimentary health check on your car, offer alternative transportation if you need it while your car is being serviced, and we will also wash your Volvo for you.

VOLVO CAR FINANCIAL SERVICES.

Because we want your life to be less complicated, we've now introduced Volvo Car Financial Services, the only finance option which is approved by Volvo Cars.

Credit Agreement

Available for both business and personal customers. A Credit Agreement is one of the simplest and most popular ways for motorists to finance a new or used vehicle. A Credit Agreement enables you to place a deposit towards the purchase, either as cash or by using equity in your current vehicle as a trade-in.

Lease

Available for both business and personal customers. No annual fees. Structure your lease by selecting a term and you agree a suitable residual value with us. Tailor your monthly payments to suit your budget. Payments are fixed and known in advance, you have firm control over your vehicle budget.

Terms vary based on customer type.

Operating Lease

Full and non maintained options, available for both business and personal customers. The Fully Maintained option makes forward planning a lot easier for you, as the monthly rentals include scheduled servicing , annual registrations, warrants of fitness, with options to include replacement tyres and puncture repairs. After the lease period is over, the vehicle is returned to us, you then have the option to take out a new lease and upgrade your vehicle to the latest model.

For more information regarding terms, conditions and eligibility, please visit www.vcfs.co.nz.
